THE NEXT GENERATION OF SUNLESS SYSTEMS

THE NEW STANDARD IN SUNLESS TANNING

soloTAN™ Series

Introducing the next generation of Fuji Spray Sunless systems: the soloTAN™ combines modern technology and sophisticated design to bring your clients the perfect spray tanning experience. The soloTAN™ is the new standard for exquisite tanning systems.

Designed for home, personal and light mobile use, the soloTAN™ system is created with a curved silhouette just like your everyday satchel for a sleek, mobile, and lightweight advantage.

KEY FEATURES

- Lightweight and ultra-portable — less than 5lbs
- Sleek and elegant design
- Convenient applicator storage
- Features both a padded handle and shoulder strap for easy transportation
- Handy power cord storage
- Choice of one Fuji Spray Sunless Applicator (FT-5, TAN7400, TAN7350 or T-PRO Applicator)
- 1-year warranty on parts and labor

PERFECT FOR

- Brand new users
- Mobile technicians

Light usage

Not recommended for continuous use

A black Fujispray Sunless studioTAN tanning machine is positioned on a silver tray. The machine has a black handle and a black body with orange accents. A black spray gun with orange details is attached to the side. A white container is also on the tray. In the foreground, a chocolate ice cream sundae with a dollop of white whipped cream and a chocolate chip sits in a silver cup. The background is a white, crumpled fabric.

SLEEK AND MOBILE

SLEEK, STRONG AND MOBILE

studioTAN™ Series

Whether you are a mobile or salon technician, the studioTAN™ Series is the perfect companion to achieve a flawless tan.

Powered by a 2-stage motor that is specially balanced for the spray tanning industry, this turbine is ready to cater to all your spray tanning needs.

KEY FEATURES

- Noise Reduction Covers™ muffle direct sound paths for a quieter spray experience
- Durable turbine case with Fuji Spray's Heat Dissipation Box™
- Lightweight and portable turbine — ideal for mobile professionals
- Washable quick-change friction fit filters
- Choice of one Fuji Spray Sunless Applicator (FT-5, TAN7350 or T-PRO Applicator)
- 2-year warranty on parts and labor

PERFECT FOR

- Mobile technicians
- Salon owners

 Medium to heavy usage

Not recommended for continuous use

YOUR NEW SILENT BUSINESS PARTNER

YOUR NEW SILENT BUSINESS PARTNER

salonTAN™ Series

Luxurious, convenient, and most of all quiet — these are some of the words that perfectly describe our salonTAN™ Series, made with Fuji Spray's patented noise reduction technology to ensure your spraying experience fits the comfortable environment of spas and salons.

The salonTAN™ series is perfect for salon or studio-based technicians who want to offer the epitome of professionalism and quality to their clientele.

KEY FEATURES

- Patented Noise Reduction Technology — quieter than an average conversation! (56 dba)
- Durable turbine case with Fuji Spray's Heat Dissipation Box™
- Washable quick-change friction fit filter
- Choice of one Fuji Spray Sunless Applicator (FT-5, TAN7350 or T-PRO Applicator)
- 2-year warranty on parts and labor

PERFECT FOR

- Salon owners
- Mobile technicians

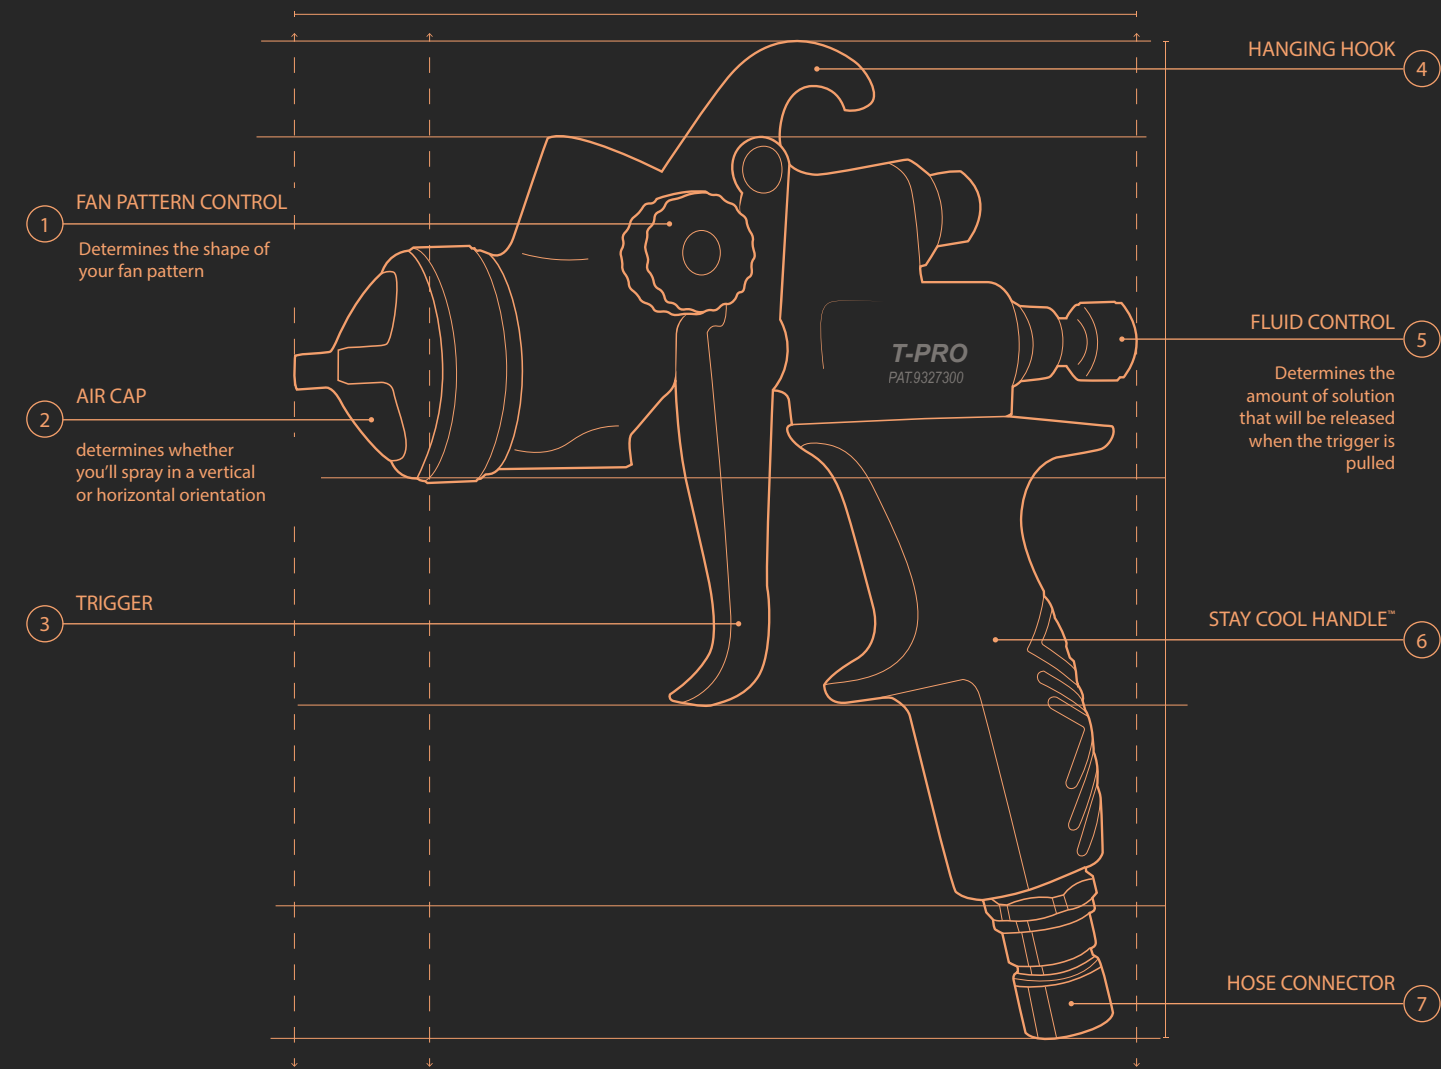

Heavy usage

Not recommended for continuous use

MAIN FEATURES

The anatomy of an applicator
